

NO HARM DONE BY POLITICIANS.

Business Grows Despite the Campaign.

Foreign Trade Makes a Remarkable Record.

Even the Postal Savings Show a Big Increase.

WASHINGTON, Oct. 18.—(Exclusive Dispatch.)—The imports and exports of the United States for the month of September and the nine months ending with that month established new records, according to a report today by the Bureau of Foreign and Domestic Commerce. The imports for last month aggregated \$144,882,343, the previous record figure being in September of last year when they totaled \$135,171,644. In the nine months ending with last month the imports reached the sum of \$1,332,185,577, as against the previous record for the corresponding months of 1911 of \$1,173,445,499.

POSTAL BANKS BUSINESS. GREAT GAIN IN SAVINGS. WASHINGTON, Oct. 18.—The postal savings deposits as an incentive to the laying aside of money for the proverbial rainy day is pointed to in a report from the Panama Canal zone. Whereas on June 30, 1911, the postal savings system had been established on the zone the employees had a total of \$150,000 on deposit. At this amount \$157,000 in the postal savings banks. Thirty nations were represented by the 2402 depositors.

LOAD TOO MUCH FOR HIM. President of United States Motor Company Resigns to Reconcile in Europe.

NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Exclusive Dispatch.)—Public announcement is made now of the withdrawal from the United States Motor Company of Benjamin Briscoe, its president. Mr. Briscoe resigned three weeks ago, but that was known only to a few persons at the time. The great scandal under which he has been working since the failure of the concern and since then on reorganization has told Mr. Briscoe.

FREAR HOLDS HIS JOB. BEVERLY (Mass.) Oct. 18.—On recommendation of Secretary of the Interior Fisher, President Taft has decided to reappoint as Governor of Hawaii Walter F. Frear, against whom charges were made last spring by Hawaiian Delegate Kalaniano'ole.

DOCTRINE OF THE FREE-FOR-ALL FIGHT.

THE first part of this week from the trial of the murder of Herman Rosenthal, the doctrine of the free-for-all fight was established. The story of a free-for-all fight on the Bridge of Sighs yesterday in which Jack Zelig, the gang leader, was set upon, kicked and beaten by the four men indicted, charged with shooting Herman Rosenthal to death, was made public today.

WALDO NEXT. Police Commissioner Waldo testified next.

APPEALS TO JUDGE. Again Sullivan was not allowed to answer and again he appealed to the court.

OTHER WITNESSES. Frank H. Roberts, superintendent of the apartment-house where Becker lived, testified that previous to the murder he had told Lucius Hayward, the telephone boy, to make no connections with Becker's apartment.

GROWS PUGNACIOUS. Sullivan became combative when Mr. Moore asked if he had ever given bail for criminals.

"I object to that question," shouted

WEDDING OF HEROINE.

Vancouver Hedress Carries to the Altar a Wound Suffered on Behalf of a Friend. VANCOUVER, Oct. 18.—(Exclusive Dispatch.)—When Miss Vivian Rawley, daughter of Edson M. Rawley, the heaviest individual taxpayer in Clark county, goes to the altar tomorrow to be married to Ronald C. Dart, a civil engineer of Corvallis, she will carry the wound made by giving three inches of skin from her left arm to a lifelong friend and school chum, Mrs. Rhodie Thompson, that her beauty of face might not be disfigured.

HER FIRST JOY RIDE. "Good-bye, Mother," Exclaims Oregon Girl, as She Skis Dying into a Chair.

OREGON CITY (Or.) Oct. 18.—(Exclusive Dispatch.)—Calling to her mother "I am going to die, good bye," pretty Valeria Proffitt, 18 years old, ran into the home of her mother, Mrs. Frank Proffitt, this morning and sank dying into a chair.

Miss Proffitt with Miss Clara Johnson and Harry Timmons and John Ferguson, youths, was automobiling at Portland last night when the accident occurred. According to Miss Johnson's statement, Miss Proffitt, however, did not reach home until almost 9 o'clock.

INTER-MOUNTAIN RATES. CASE IS RE-ARGUED. WASHINGTON, Oct. 18.—The right of transcontinental railroads to charge higher freight rates from the east to inter-mountain cities, such as Spokane and Reno, than charged Pacific Coast cities, was up for consideration once more today before the Supreme Court.

SCHRAK LEAVES CARTRIDGE. Name of Assassin of Roosevelt on Denver Hotel Register, Same Day Ex-President Visited City.

DENVER, Oct. 18.—John Schrank, the assassin of Theodore Roosevelt, was in Denver on September 15, the day on which Roosevelt spoke at the auditorium. Local officers think he planned about the former President on that day or before, but for some reason changed his design.

INVEST GATE EXPENSES. COMMISSION AT WORK. SAN FRANCISCO, Oct. 18.—The State Railroad Commission Monday will take up the question of express rates in California.

STARTLES STAFF OLD BOSTON. Grandson of Longfellow Candidate for State Senator on Radical Socialist Platform.

BOSTON, Oct. 18.—(Exclusive Dispatch.)—Edmund T. Dana, grandson of the poet Longfellow and former instructor of philosophy at Harvard University, has started this city by his radical platform as Socialist candidate for State Senator.

MEXICAN RAILWAYS. CONDITIONS IMPROVE. NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Special Dispatch.)—N. N. Brown, president of the National Railways of Mexico, who is here for a brief visit, states that conditions generally in Mexico, so far as they concern the operation of the railway system, are slowly working out, notwithstanding the discouragements that are met with.

SETS CHICO TO GUESSING. Survey of Thirty-Mile Railroad to Land of Unburnt Matchsticks and the Indian.

CHICO (Cal.) Oct. 18.—(Exclusive Dispatch.)—The Diamond Match Company has a large crew of surveyors in the field getting lines for the extension of the company's road from Stirling City into the Deer Creek country, the land of the Indians, the unburnt Indian.

THE line will tap an immense timber belt belonging to the company and will at the same time open up a mineral section that has thus far remained comparatively undeveloped.

ALEXANDER LUBAN, brother of Morris Luban, an alleged eye-witness of the murder, who testified for the State, next took the stand.

"Did you speak to your brother

HARTFORD LINE TO SELL SHIPS.

Will Thus Comply With Panama Canal Act.

New Haven Company Faces Big Financial Loss.

Atlantic Coast Interest Will Be Sacrificed.

NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Special Dispatch.)—The New York, New Haven and Hartford Railroad Company is preparing to get rid of its steamship properties. At once offered the road owns 25.5 per cent. of the common, 50 per cent. of the preferred stock, 43.8 per cent. of the bonded debt of the Eastern Steamship Corporation, which owns the Metropolitan line, plying between New York and Boston, and the Maine Steamship Company and White Star lines from Boston to points in Maine.

COMPANY WILL LOSE. Those connected with New Haven believe that the sale of the water lines can be effected only at great loss to the company. An interest close to the New Haven recently said:

"No one who purchases the steamship line operated by the New Haven can make as much of them as the New Haven could. They would be a loss to the company."

INTER-MOUNTAIN RATES. CASE IS RE-ARGUED. WASHINGTON, Oct. 18.—The right of transcontinental railroads to charge higher freight rates from the east to inter-mountain cities, such as Spokane and Reno, than charged Pacific Coast cities, was up for consideration once more today before the Supreme Court.

SCHRAK LEAVES CARTRIDGE. Name of Assassin of Roosevelt on Denver Hotel Register, Same Day Ex-President Visited City.

DENVER, Oct. 18.—John Schrank, the assassin of Theodore Roosevelt, was in Denver on September 15, the day on which Roosevelt spoke at the auditorium. Local officers think he planned about the former President on that day or before, but for some reason changed his design.

INVEST GATE EXPENSES. COMMISSION AT WORK. SAN FRANCISCO, Oct. 18.—The State Railroad Commission Monday will take up the question of express rates in California.

STARTLES STAFF OLD BOSTON. Grandson of Longfellow Candidate for State Senator on Radical Socialist Platform.

ANOTHER LADY CLAIMS PRINCE.

Wife of Charles Albert de Bourbon Given Interlocutory Divorce Decree on Technicality.

LONDON, Oct. 18.—(Exclusive Dispatch.)—Princess Jeanne Marie Louise de Bourbon was granted a decree nisi today in her suit to nullify her marriage to Prince Charles Albert de Bourbon, which took place at a Protestant church at Soho, March 23, 1910. The decree was granted on the ground that the marriage was void owing to the fact that no registrar was present at the ceremony, which took place behind closed doors.

A MODEL MOTHER. Friends of Mrs. Madeline Force Astor Pay a High Tribute to Her Maternal Qualities.

NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Special Dispatch.)—A model mother is the eulogistic characterization given yesterday by her many friends in this city to Mrs. John Jacob Astor, who is at present devoting herself to the welfare of her young son at Bernardsville, N. J.

EASY IF YOU KNOW HOW. Railroad Surgeon Declares Opening of Skull No More Dangerous Than Opening the Abdomen.

CHICAGO BUREAU OF THE TIMES, Oct. 18.—(Exclusive Dispatch.)—

Have You Ever Spent An Evening on Mt. Lowe

Up among the Spruce and the Fir, the most delightful of all the scenic wonders of the West, you will find a most charming and comfortable place to spend your evening.

Signify a development and progress equal to that which obtained prior to the commencement of the political unsettlement. As to new financing, Mr. Brown said that certain measures looking in this direction are under contemplation, but that execution of these must necessarily be held up until conditions are on a better basis.

HOLY LAND FARMING. WASHINGTON, Oct. 18.—Aaron Aronson, director of the Palestine Agricultural station, conferred with Department of Agriculture officials today. He is on the way to the international congress on dry farming at Lethbridge, Can. Mr. Aronson is optimistic concerning the future of agriculture in the Holy Land. He has been experimenting with work much like the Federal farm in the mountains in the Southern States of this country.

CHASE DIVORCE SUIT. Wife Gets Subpoena in Effort to Cut Loose From Husband's Noted First Baseman.

NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Exclusive Dispatch.)—Justice Greenbaum today returned to Referee Alvin Untermyer the referee's recommendations to grant Mrs. Chase a divorce from the first baseman.

Justice Greenbaum says: "I am not satisfied with the uncorroborated testimony of the sole witness. It does not appear how the defendant acquired knowledge that this witness would testify at all. The referee undoubtedly had suspicion of collusion and properly subjected the plaintiff to a thorough examination."

Justice Greenbaum directed the referee to subpoena the registers of hotels at which it is alleged Chase and "blonde young woman" stopped, in order to support the testimony of witnesses.

Stanford and U.S.C. Grapple Today for Rugby Honors.

FOES FACE IN FIERCE FIGHT.

Stanford May Tear Trojans to Tatters.

Stars of North and South in Death-Lock Today.

Cards Should Win, But U.S.C. Is Game.

BY OWEN R. BIRD.

The U.S.C. Trojans will face the best team that Stanford has ever turned out this afternoon on Harvard Field, and if Manning's men are able to hold the planning fifteen from the north to anywhere near an even score it will be an achievement worthy of mention in the hall of fame.

The Stanford squad was out yesterday on Harvard Field limbering up, and the reports from the north to the effect that this team is one of the greatest Rugby aggregations ever developed around the bay, was well borne out. They are fast, very fast, and fairly heavy, but the accuracy of the passing and kicking is what makes it look bad for the Trojans.

However, this Cardinal team is composed of boys who belong after all and no human is infallible, which means that the Trojans may and can hold them. The U.S.C. teams are noted for desperate stands when cornered, and this afternoon the local bunch is going up against the hardest problem of its career.

On form, Stanford should win by at least three or four scores, and anything under that number will be all to the credit of the home guard.

FEATURE OF SEASON.

After the great battle of last season between these two teams, the Stanford-U.S.C. has become one of the features of the local football schedule, and at the present time there is an air of intense expectancy pervading the campus of the Trojan lair. The whole university knows that its men are going up against almost sure defeat, but the great preparations are made and will not admit that the team can possibly lose.

In fact the Southern California Reapers' Club has made great preparations for the game, and some new and unique rooting stunts will be pulled off during the course of the struggle.

Coach Manning will not say much about chances, only that some one is going to be surprised after the game. He does not say his team will win, but he does say that every man in the team is going to put up a fight, and that the team will play some new Rugby, that is counted to gain ground. The team is in fine condition and strong up to the limit.

Last night in the training quarters the men took their showers and dressed, and then they were hurriedly packed. Every one looked as though he carried the weight of the world on his young shoulders.

This game is a crisis in the career of every man on the local team, while Stanford is out to revenge the score the Cardinal aims at a perfect game, no matter what the score is at the close, there will be a royal reception, lasting from 3 o'clock to dark.

There was some bad news spread around last night when it was announced that Bill Haney would not be able to get in the game at all and that Leo Livernash would be on the side line at first. Haney was injured in the game at California last Saturday and then contracted a slight touch of typhoid, which has kept him out of the game. Livernash was also bumped in the game at Berkeley, but he is on his feet, though in a weak condition.

Cummins will take his place in the front rank, and Patterson will play Haney's second five. Ed Wain will play half-back. Lund will hold down first five. This is a good combination and a bear on the defense.

The Stanford team is made up of veterans who have been tried in the fire of fierce intercollegiate conflict, each man counting on his own strength. Every one is a star, able to play his position to the queen's taste and altogether the team is one of the greatest Rugby machines ever seen on the Pacific Coast.

The final line-up will be as follows: Stanford Varsity, U.S.C. Varsity, Sanbourne front rank Cummins front rank Toolan front rank Len Laid front rank Len Laid front rank Smith side rank Keller side rank Laid back rank Hollingsworth back rank Frank back rank Teachke back rank Gard back rank Murphy back rank Schapp back rank Adams (C) back rank Albek back rank Harrigan first five Aland second five Patterson center three Meadows wing Noble wing Davis fullback B. Erb fullback Secor B. W. Reading, referee.

STANFORD BOYS OWN BRINK'S CAFE TONIGHT.

Incidental to the great Rugby game, John Brink has announced that tonight will be Stanford night at Brink's Cafe. Ham Beal, Mr. Brink's press representative, is a Cardinal graduate, and has personally been supervising the preparations for the reception of his college friends.

Stanford decorations are to be the order of the evening, and the cartoon artists, bedecked with Stanford colors and emblems, will render the good old songs that the boys know so well, and Mr. Brink promises that anyone who is a Stanford graduate, a relative of one, or even just a friend, will have the time of his life at Brink's Cafe tonight.

PACKY VS. ALBERTS.

CLEVELAND, Oct. 18.—(By A. P. Night Wire.) Packy McFarland of Chicago displayed little of his skill in a ten-round no-decision match with Kid Alberts of New Jersey before the Cleveland Athletic Club tonight. Alberts claims the lightweight championship of Canada.

ANOTHER ACCOUNT.

NEW YORK, Oct. 18.—(By A. P. Night Wire.) Kid Williams of Baltimore outpointed Johnny Coulton of Chicago, the bantamweight titleholder, in a ten-round bout at Madison Square Garden tonight.

Johnny Coulton, Who fought Kid Williams last night.

COULTON HAS HARD TIME WITH WILLIAMS.

(By Federal Wire.) Line to The Times. NEW YORK BUREAU OF THE TIMES, Oct. 18.—(Special Dispatch.) The bantamweight title fight did not change hands tonight in Madison Square Garden, when Johnny Coulton met "Kid" Williams in a slashing ten-round bout, at the end of which honors were even. Coulton had a hard time of it, but he was not broken, and he was always ready to mix it up with the little champion.

Williams is rather a slow fighter and did not get warmed up until the third round, when Coulton had rolled up many points, but the beginning of the fourth the Baltimore boy got into his stride and gave the champion a good lacing. Over a longer route, it is doubtful whether Coulton could stand the terrific blows which his opponent continually drove into his stomach.

The titleholder took a decided brace in the seventh and played a perfect game, but he was not able to win. The final round was a hurricane affair. Both boys threw caution to the winds and stood toe to toe, and pounded each other until the bell rang.

VENICE HIGH IN FIRST GAME TODAY.

Venice Polytechnic High School will make its football debut this afternoon in a game with the Long Beach High School second team. The two teams are evenly matched in weight, and Long Beach has had more experience at the game, but superior technique has developed a fast team at Venice.

Coach Jennings, who has the Venice team, is an old hand at the game of Virginia man, and knows football thoroughly. He has worked up a great amount of speed and has taught his boys to play with a fast team at Venice.

Coach Jennings does not believe in trick plays, but in formations which will take up the defense by means of perfect interference.

EASY MONEY.

Ed Walsh Gets Big Sum for Debuting the Chicago Cubs in the Opening Contest.

(By Federal Wire.) Line to The Times. CHICAGO BUREAU OF THE TIMES, Oct. 18.—(Special Dispatch.) It profited Ed Walsh just five more than his share of the prize money to blank the Cubs in the opening game of the world's series this afternoon. Charles Comiskey, owner of the club, made the present to the big pitcher.

Before the game Comiskey took Walsh aside and said: "Go in there today and beat the Cubs and I'll hand you \$1500 out of my own pocket."

At the end of the third inning with the Cubs leading 1-0, Comiskey went to his office and wrote the check. From his private box he waved the check at Walsh and his boys never allowed the Cubs a ghost of a show afterwards.

REDLANDS THE GOAT.

Oxy Men Would Pile Up Larger Score than that Whittier Team Made.

This afternoon at 2:30 o'clock the Occidental football team will get its first taste of intercollegiate conflict for the season, when the Tigers meet the men from the University of Redlands. The Redland "U" team is a light but very fast aggregation, though the Oxy team should beat it by a rather large score.

Pipal will use his first team the initial half, and then if the tide of battle has set easily for the Black and Orange, he will give the second string men a chance.

The Whittier team defeated the Redlands team by the overwhelming score of 42 to 0, but the Quakers have an exceptionally strong squad, this year. In fact, there are reports to the effect that the Oxy team look good for the southern championship this fall. However, they will have to beat the best team that Occidental has ever had, and one of the strongest Pomona has turned out for some time, before this becomes a fact.

The Tiger men want a chance to roll up a bigger score than Whittier, but Pipal wisely says that he will take no chances with his stars if the battle is won easily.

REFEREE'S ENGLISH STYLE.

NEW YORK, Oct. 18.—The English method of refereeing boxing exhibitions was inaugurated at the Fortieth Street arena, where a fight which started its initial bout tonight. Young Corbett, the former featherweight champion, as referee, directed the boxer from a seat outside the ring. The plan apparently worked well for a first attempt, as all the boxer obeyed the referee's commands to break from clinches on the word.

EVENTS RUN IN THE DARK.

Third Day's Races Finished Long After Sundown.

Zulu Bell Shows Class in 2:25 Pacing Event.

Fred Kelly Ties World Record in High Hurdles.

BY GREY OLIVER.

A big crowd, old-time enthusiasm and racing in the twilight were the main events yesterday at the race track, and the different numbers of the card were so attractive that practically everyone in the park remained in the seats until dark. The last thing done was the closing of the gates and the idea of seeing such a thing in the gloaming was evidently a novelty to the spectators.

The best shown in any race was 2:24 1/2 and Zulu Bell, who won in three, in the time of 2:25 paces. She is a slashing good little trick and there is no question but that she will better this later on.

One amusing incident of the previous day's doings has its effect on the attendance yesterday, for a very good-sized crowd turned out. For the first time in the three days, however, the card yesterday was strung out until dark, but this was due to the fact that so much time was given to the task of showing the middle horses, which as a matter of fact do not belong in a harness race meet. But too much valuable time is wasted looking them over.

Fred Kelly, Olympic high hurdler, gave a splendid run over five high hurdles at seventy-five yards in the effort to beat the world's record of 4-1/2 seconds. He was not lower the record he tied twice. The time cannot stand for the knocked down a hurdle in each heat. He was knocked down by Ben Ward, U.S.C. high jumper and Ward doubtless could have beaten Kelly if he had continued running. He was knocked down by Ben Ward, U.S.C. high jumper and Ward doubtless could have beaten Kelly if he had continued running. He was knocked down by Ben Ward, U.S.C. high jumper and Ward doubtless could have beaten Kelly if he had continued running.

SPURNS MOTHER FOR BLACK MAN.

I'll Wed Jack Johnson Says Lucile Cameron.

Can't Help It if They Follow Me, Says Fighter.

Abduction Charge Is Lodged Against Negro.

BY A. P. NIGHT WIRE TO THE TIMES.

CHICAGO, Oct. 18.—Jack Johnson's troubles, growing out of his alleged relations with Lucile Cameron, a 19-year-old white girl, rapidly multiplied today. A few hours after his arrest on a warrant sworn to by Mrs. F. Cameron Falconet of Minneapolis, the mother of the girl, charging abduction, Assistant United States Attorney Wilkerson ordered a thorough investigation with the view of government prosecution under the Mann act, prohibiting the illegal transportation of women from one State to another.

Late in the afternoon Miss Cameron was served with a subpoena, calling her before the Federal grand jury, to testify against Johnson.

THE GIRL HELD IN JAIL.

In order to keep her in the custody of the police, her mother names her in a warrant charging disorderly conduct.

The government is determined to go to the limit in investigating Johnson's alleged relations with the Cameron girl and others. Information has been received from the Department of Justice that the negro prize fighter has associated frequently with white girls.

Bert J. Meyer, special agent of the Department of Justice, interviewed the girl today. She refused to say much about her case, attempting to evade the question as to whether or not she had been seduced by Johnson. She answered to questions put to her by Johnson was indicted by a Federal grand jury a few months ago on charges of smuggling.

SPURNS MOTHER FOR BLACK MAN.

I'll Wed Jack Johnson Says Lucile Cameron.

Can't Help It if They Follow Me, Says Fighter.

Abduction Charge Is Lodged Against Negro.

BY A. P. NIGHT WIRE TO THE TIMES.

CHICAGO, Oct. 18.—Jack Johnson's troubles, growing out of his alleged relations with Lucile Cameron, a 19-year-old white girl, rapidly multiplied today. A few hours after his arrest on a warrant sworn to by Mrs. F. Cameron Falconet of Minneapolis, the mother of the girl, charging abduction, Assistant United States Attorney Wilkerson ordered a thorough investigation with the view of government prosecution under the Mann act, prohibiting the illegal transportation of women from one State to another.

Late in the afternoon Miss Cameron was served with a subpoena, calling her before the Federal grand jury, to testify against Johnson.

THE GIRL HELD IN JAIL.

In order to keep her in the custody of the police, her mother names her in a warrant charging disorderly conduct.

The government is determined to go to the limit in investigating Johnson's alleged relations with the Cameron girl and others. Information has been received from the Department of Justice that the negro prize fighter has associated frequently with white girls.

Bert J. Meyer, special agent of the Department of Justice, interviewed the girl today. She refused to say much about her case, attempting to evade the question as to whether or not she had been seduced by Johnson. She answered to questions put to her by Johnson was indicted by a Federal grand jury a few months ago on charges of smuggling.

Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

UNIFORM RATE RECOMMENDED.

Taking Steps Toward Municipal Water System.

Elks Dedicate New Crown City Home Tonight.

Boy Seriously Hurt When He Takes Header.

PARADISE, Oct. 19.—With the recommendation of the City Council of a uniform minimum water rate, and the formal appointment of Burdette Moody as manager of the department, the City Water Commission has taken the first step toward the formation of the proposed municipal water department. Fred B. Wilcox, one of the members of the commission, stated last night that it is probable the holdings of the Pasadena Land and Water Company, the North Pasadena Land and Water Company and the Pasadena Lake Vineyard Land and Water Company, which are to be taken over, either before or on November 1, and Mayor Thum thinks that a few days later will see everything in running order, with city officials at the head of the department.

It is the intention of the commission, the members of which are Wilcox, T. D. Allen, J. M. Harvey and C. P. McAllister, with the Mayor as an ex-officio member, and the City Council to purchase all three of the companies' plants on the same day.

"I think that the people will hardly feel the change," said Wilcox last night. "There are some improvements to be made, but these have not been definitely planned as yet. We will endeavor to supply more pressure in parts of the city, where the pressure is weak, and perhaps diminish it some in places where the pressure is unnecessarily high, thus evening it up."

The minimum rate that the commission will recommend to the Council is 50 cents per 100 cubic feet of water, or less. It is estimated that this will approximate an average of the rates now charged, which are 75 cents by the Lake Vineyard Land and Water Company, 50 cents by the Pasadena Land and Water Company, and \$1.50 by the North Pasadena Land and Water Company. The latter rate, however, is not on the same basis as the other two and consequently is not relatively so high as it appears to be.

The Council will act on this recommendation at next Tuesday's session and in all probability its action will be favorable.

READY TO DEDICATE.

The most momentous event in the history of Pasadena, Lodge No. 473 of the Elks will be the dedication of the night of its new home on West Colorado street, near Terrace drive. An elaborate programme has been prepared, and announcements were made yesterday that the dedication of this handsome building will be presided over by Judge H. H. McAllister, of Oakland, associate justice of the California State Supreme Court, and a former Grand Exalted Ruler of the order.

The dedication exercises will take place at 7 o'clock in the evening and following these there will be a banquet at the Maryland Hotel. Harry M. Beers, Exalted Ruler of the Pasadena lodge, will preside as toastmaster. Judge Melvin, who is to be one of the speakers, has chosen for his subject, "What Our Order Stands For."

Superior Court Judge Paul J. McCormick, a member of Los Angeles Lodge No. 95, will speak on "The Patriotic Side of Elksdom."

MANY ACCIDENTS.

Yesterday was a day of accidents in Pasadena. The most serious was the last one of the day, which occurred at 6:30 o'clock last night. Douglas Churchill, a 15-year-old boy, who lives at No. 6 West Villa street, while riding a bicycle on the lake crossing on Waverly street, rode suddenly from the culvert into the gutter, falling and striking his head on the pavement. He was found there unconscious by another boy and taken to the Receiving Hospital. Police Surgeon McCoy later removed him, still unconscious, to the Pasadena hospital, where it is not yet known how serious his injuries may be. He was out on the head and face.

An automobile struck of the Chaffee Grocery Company, driven by Nicholas Fishbeck, and the equipment of Mrs. W. J. Bugbee, of No. 489 North Raymond avenue, a handcar team, driven by Luther Davis, collided on East Colorado street in the forenoon. Both of the horses were knocked down upon the pavement and one was injured so severely that it became necessary for Patrolman Abbott to shoot it. Neither of the men was injured.

Another collision was that of two automobile delivery wagons on Oakland avenue. One of the automobiles was that of the Hillside Dairy and the other belongs to H. L. Miller, an electrical contractor. The cars were driven by Charles Stanger and Cecil Wood, both of whom escaped injury, although the machines were badly smashed.

Miss John Goddard reported to the police that while driving she collided with a man riding on a bicycle at the corner of North Fair Oaks avenue and Feoria street. Neither was injured.

C. Cathoun of No. 245 Cypress street, while riding a bicycle, was struck by an automobile on South Fair Oaks avenue near California street. The wheel was damaged but the rider was not injured.

Another report made to the police was that of W. H. Hall, who declared that while driving an automobile on Colorado street, near El Molino avenue, he collided with a delivery wagon.

ON THE PASADENA MARKET.

Automobile was damaged.

It is not impossible that a State fish hatchery will be established in the Arroyo Seco, State Park and Game Commissioners Schepely and Pritchett were in the city yesterday to look over the ground. They luncheoned with members of the Pasadena Board of Trade at the Maryland Hotel.

Burdette Moody has formally been appointed by the City Commission Superintendent and Chief Engineer of the municipal water department, with a salary of \$10,000 a month. The Pasadena members of the Inter-City Commission will meet at the rooms of the Board of Trade at 3:30 o'clock this afternoon to devise ways and means to defeat the proposed constitutional amendment providing for the consolidation of cities and counties.

W. H. Hubbard yesterday received papers from the State Bank Superintendent authorizing the proposed new Citizens Savings Bank of Pasadena, which will be opened November 1 in quarters the new building arranged on Colorado street, near Marango avenue.

The Wilson and Marshall Club of Pasadena has appointed precinct committeemen for the city and surrounding territory. A meeting of the appointees was held last night.

Ocean Park.

DETERMINED TO LEAVE THE TOWN.

FRASER NOT MOVED BY PETITION OF BUSINESS MEN.

Charges Council With Antagonism But More Particularly Resents the Attitude of His Former Partner and Others Who Signed Adverse Petition.

OCEAN PARK, Oct. 18.—When A. Burchard and a committee of Ocean Park business men and members of the Chamber of Commerce tonight presented to Alexander R. Fraser a petition signed by over a hundred Ocean Park business men asking him to stay and help rebuild Ocean Park, Mr. Fraser stated that his decision to leave this city was final. He thanked the friends thus represented, but stated that he would leave for San Francisco within a week. When asked whether more favorable conditions might induce him to return here, however, he admitted that he might come back, but he would not seek to change conditions. "It's not my game," he said, significantly, "I am through."

The founder of Ocean Park charged that the City Engineer of Santa Monica purposely delayed his Ocean Front promenade easement proposition a week, the delay practically killing the project. Fraser states that the City Council of Santa Monica has been both friendly and hostile to him; they refused to listen to the petition of G. M. Jones, who is the owner of the shore ends of Pier avenue and Marine street, as proposed in Fraser's building plan, and Monday night they referred back to him his project for the erection of four electric towers on the promenade.

More than the officials of Santa Monica, Fraser blames the men who are fighting to keep Marine street and Pier avenue open to high tide line, as represented on the petition. He said that he had been told that the names appended to the petition are G. M. Jones, W. C. Byrne, L. D. Byrne, M. J. King, G. A. Bean, D. C. Graham, G. Goldman, W. Nord, H. Marcotte, Great Western Amusement Company, T. D. Huff, T. M. Dillon and H. E. Smith.

Workmen are still engaged in the relocking of the Fraser pier. This work must go on to completion, states the owner, as the cement piers will all go out if they were not secured by a deck. A. W. Layne will stay and attend to this work for a month yet.

G. M. Jones, who might be termed the leader in the plan to prevent Fraser in building across the foot of Marine and the foot of Pier avenue as shown in the plans, made the following statement:

"I hope Mr. Fraser carries out his determination to leave. If he does I will honestly up the pier to the foot of Marine and the foot of Pier avenue. My private opinion is that he will not return here, but he will return in a short time."

Mr. Fraser has himself placed a valuation of \$1000 per front foot on his ocean front holdings. He is fighting to control the ends of these two streets, seventy-five feet. That means that he is trying to save \$75,000. He will not be allowed to block these streets to tide line. He has never occupied them, and even if the City Council of Santa Monica grants him the right, which I doubt, the property owners will enjoin him. That property in dispute belongs to the people, and it cannot be given away."

"The City Council has in no way been antagonistic to Mr. Fraser," said President Berkeley of the Council of Santa Monica, tonight. "It is true that he has asked for a lot of money, but he has not asked for a lot of money."

Mr. Fraser stated that he will not amend his petition, and would not again ask the Council for any privilege.

A Hay Fever Victim.

(Indiansville News.) Earl Lange, superintendent at the National Veneer and Lumber Company's plant, is a hay fever victim. The other morning Lange was at Illinois and Washington streets waiting for a car. His car arrived, but just as he started to catch the hand rail to climb on, he felt a violent sneeze coming. Feeling that he had taken the car while sneezing he let his hand drop. The big sneeze came. This was followed by a second, a third and a fourth.

As Lange wiped the tears out of his eyes and looked around he saw his street car a half-block away.

MEXICAN IS SHOT BY RIVAL.

Long Beach Wedding Becomes a Roaring Riot.

Hospital and Jail Now Hold the Principals.

Big Bond Issue May End All Dissensions.

LONG BEACH, Oct. 18.—The countless tales of a drunken Mexican maid, and her successful conquest by one of two rivals resulted this morning in a tragedy which will result fatally. The victim, Ramon Sandoval, aged 25, lived at the Montana Land Company's ranch-house with two bullets in his body, a cousin, Elviro Savelle, who attempted to interfere with a bullet in his arm, about midnight, and Sandoval was shot by Dominguez and Andrea Ramos are in jail in Long Beach charged with shooting with intent to kill, which may be changed to a murder charge before morning.

The parties concerned are tenants and employees of the Montana ranch, northwest of town, and the shooting occurred at 2 o'clock this morning in the closing moments of a wedding celebration of another couple. Sandoval and Dominguez were rivals for a pretty Mexican girl, who after firing with both for several months finally decided the loved Sandoval the best and fitted Dominguez, who brooded over his fate and was encouraged in his resentment by Ramos, who promised him aid if he needed it.

Last night the entire Mexican settlement attended a marriage, at which whisky and wine flowed freely. The rivals had several quarrels, but friends prevented any serious trouble until after midnight when the refreshments ran low and Sandoval started for the winery to get more. Coming out of the yard he was met by Dominguez and Ramos, who claim to be his friends, and he was shot in the ground to stop Sandoval, but he being in the right, he fled to his home, passing entirely through the leg. Savelle interfered and was shot in the arm. Sandoval's father, who was made to Long Beach and Dr. Townsend and Officers Austin and leave for San Francisco within a week. Ramos was found asleep in a house near Artesia, while Dominguez was under detention at Los Alamitos. The injured man is too badly hurt to be moved and remains on the ranch. His condition is considered critical.

BIG BOND ISSUE.

The Public Utilities Committee of twenty-five, appointed several months ago by the City Council to examine into the public improvement needs of the city and present a recommendation to the City Council, has been asked to provide for all the immediate needs of the city, in order that they might be incorporated in one big bond issue, thereby cementing factional differences and opposition to any improvement which would benefit only one portion of the city, last night in a twenty-minute executive session reached an agreement and on next Monday night will ask that the City Council call an election to vote on a bond issue of \$1,200,000, which will provide for piers at American avenue and Devil's Gate, for sewers, \$450,000; for acquiring frontage and improving the shore ends of the city, \$300,000; for a municipal electric lighting plant, \$100,000.

The proposed bonding for a new City Hall was passed up for the present, the committee believing that the city needs it is likely that the report will be more effective than any that has been made in years. The board of directors of the city is fighting to control the ends of these two streets, seventy-five feet. That means that he is trying to save \$75,000. He will not be allowed to block these streets to tide line. He has never occupied them, and even if the City Council of Santa Monica grants him the right, which I doubt, the property owners will enjoin him. That property in dispute belongs to the people, and it cannot be given away."

BOARD DECLARES.

The Board of Education last night went on record as opposed to any compromise with the Pacific Electric, that he would not return here, but he will return in a short time."

Mr. Fraser has himself placed a valuation of \$1000 per front foot on his ocean front holdings. He is fighting to control the ends of these two streets, seventy-five feet. That means that he is trying to save \$75,000. He will not be allowed to block these streets to tide line. He has never occupied them, and even if the City Council of Santa Monica grants him the right, which I doubt, the property owners will enjoin him. That property in dispute belongs to the people, and it cannot be given away."

FICKLE WOMAN.

John Phillips and George McIntyre, both enamored of a pretty girl and each objecting to the attentions of the other, became involved in a row over the girl on the floor of the Los Angeles dance pavilion last night and despite the pleas of the girl, adjourned to the beach to decide the question of proprietorship. Four rounds had been fought to the enjoyment of a small crowd of spectators and the tearful protestations of the distressed young woman, when both men were badly battered up, when a policeman arrived and took both men to headquarters, where they were charged with peace disturbances. The cause of the row went home with another fellow.

Granite Blocks Free.

Massive granite blocks from the Times Building for repair of the building, or similar heavy construction, may be had through the company's suggested agent, Fletcher, Stein Building, First and Broadway.

Answer Books, Catalogues and Pictures Will Be Sold Until November 24

Women Are Gifted With Intuition Make It Pay Dividends

A bulky \$1750 automobile is first prize in the Booklovers' Contest, and there is no reason in the world why that automobile should not be owned by a woman. In all there are \$8500 of awards. Second prize, for instance, is a splendid \$800 player piano. You have sixteen days to play this delightful FREE game. Read today's contest story and start today.

CATALOGUES

An additional supply of Catalogues has been received by express and all orders for the Catalogues can now be filled promptly.

Following is the great prize list for the winners in The Times Booklovers' Contest. One hundred and forty-four or more valuable prizes. Something for everybody.

PRIZE.	VALUE.
1st Prize—5-Passenger Cartercar. Value	\$1750.00
2nd—One Piano, with Player Attachment	800.00
3rd—One Janss Highland Villa Tract, Lot 9, Block 20	750.00
4th—One Cash Prize	600.00
5th—One Morris & Hyde Piano	400.00
6th—One Fischer Piano	400.00
7th—Newport Land Co., Real Estate	350.00
8th—Fairbanks Piano	350.00
9th—Scholarship from De Chauvenet Conservatory of Music	300.00

Fifty 2 1/2-lb. Boxes Rough House Chocolates	52.50

Rules That Will Govern The Times Booklovers' Contest

The contest is open to everybody. Only Times employees and members of their families are barred. Daily for 77 days will be published in the Times a picture representing the title of a book, one each day. Beneath this picture will be a coupon to fill in with the name of the book and the author, together with name and address of entrant.

Out of the picture and coupon, filling in the book title and author's name, writing your name and address neatly and plainly in the place provided.

No restrictions are placed on the manner in which answers to pictures are secured. Each picture represents the title of one book only. If you are not certain of your solution you may send in one to ten answers to the picture. NO MORE THAN TEN ANSWERS WILL BE ACCEPTED TO A PICTURE. Incorrect answers will not count against contestant if correct answer is also given. And put one answer to each picture and coupon. Extra coupons must be secured and used for extra answers. All answers to each picture must be kept together in compiling your set.

Additional pictures and coupons may be obtained at The Times office, by mail or by person. Answers will not be accepted unless they are properly filled out on the coupons appearing beneath each picture. It is necessary that pictures be sent in with the answers in order that all answers may be uniform.

When you have all 77 answers, fasten them together and bring them or mail them in a neat flat package—not folded or rolled—to The Times office, addressed to "BOOKLOVERS' CONTEST EDITOR." Prizes will be awarded contestants sending in the largest number of correct solutions. In the event of two or more persons having the same number of correct solutions, the person using the smallest number of extra coupons in the set of answers will be declared the winner. In event of two or more persons having the same number of correct solutions, and using the same number of coupons, an equal interest in the prizes tied for will be given to each of the tying contestants, or the persons involved in the tie may choose any one of the other lesser prizes.

More than one prize will not be awarded to any one family, but each member of the family may enter the contest and submit a complete set. Only one complete set (comprising not more than 10 answers to any one picture) of answers may be submitted by a contestant. Awards will be made strictly according to the merit of each separate list. The names of more than one person must not be written on any one coupon.

All answers will be considered on their merits. The first set filed will have no preference over the last set filed; provided only that answers must be filed within the time specified after the last picture has appeared.

The awards will be made by the Contest Editor and three well-known citizens whose names will be announced later.

The correct answers to the series of pictures will be filed with a local trust company or bank a week previous to the close of the contest. Entry to the contest may be made at any time. All communications or letters of inquiry concerning the contest should be addressed to the Booklovers' Contest Editor, The Times.

The Times-Mirror Company

Broadway at First Street
Branch Office—619 South Spring St.
LOS ANGELES, CAL.

The Answer Book

The rules of the contest permit you to make one, two, three, four, five, six, seven, eight, nine, or ten different answers to each picture. But, if you do not have an Answer Book, you must make each answer on a separate coupon. If, for instance, you make one answer to picture No. 25, you will need only the one copy of the picture and coupon No. 25 on which you made your answer. But if you have an Answer Book you can make from one to ten answers to each picture, and yet need ONLY ONE COPY OF EACH PICTURE.

The Answer Book contains 77 double pages. On the 77 top pages you make your answers to each picture. On the 77 bottom pages you write down your answers to each picture. Submit as many different answers to each picture as you wish, and so increase your chance of getting the correct answer to each picture, but you cannot submit more than ten answers to any one picture.

Look at the reduced cut of one of the pages of an Answer Book, below. The Answer Book increases your opportunity of getting the correct answer to each picture, and yet need only one copy of each picture!

See Reduced Facsimile of Answer Book Below

Only One Copy of Each Picture Is Required With ANSWER BOOK

This Page Is for Picture No. 1

INSTRUCTIONS TO CONTESTANTS

Cut the picture out of the paper, trim it neatly around the heavy lines, and paste it carefully on this sheet. This booklet is made so that you can conveniently carry the name to each picture. When you have pasted the picture in this space study it carefully and write your answers, either with pen or pencil, in the space below.

The rules of the contest permit you to send in ten answers. Incorrect answers will not count against contestants if correct answer is also given. See rules of the contest.

The Contest Editor will answer any questions you may wish to ask.

HASTE YOUR ANSWERS TO THE EDITOR. If Not, You Will Need One.

WRITE YOUR NAME AND ADDRESS IN THE SPACE ABOVE.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WATER SUPPLY.
for irrigation purposes it is proposed to generate the electric power by an auxiliary steam plant. The stockholders of the water company have until October 20 to subscribe to the stock in the light and power plant. The directors of the water company are E. G. Logan, W. W. Prior, C. E. Palmer, G. V. Thomas and Meredith Conway.

NEWS BRIEFS.
John Lawson, Jr., of Poway, aged 16, suffered severely by the accidental discharge of a shotgun which was resting upon his lap as he was riding in a carriage. The charge plowed furrows in his legs and passing up the side of his face, destroying the sight of the left eye and otherwise mauling the face. The young man is now in a sanatorium in San Diego. It is the first accident of the quail hunting season in the Escondido country.

Ten thousand rainbow trout, from the State Fish Hatchery, were placed in the Pauma Creek, yesterday.

Coronado Agency—324 Spring St.
TO MAKE IT A HOTEL.
View Declared by Nat Goodwin to Be the Grandest in the World Is Spot Occupied.

SAN JACINTO, Oct. 18.—It is stated that the Italian Villa on Bothin Heights is to be converted into a modern hotel for winter tourists. Located at the western extremity of Park Hill, the building commands a panoramic view of the entire valley, together with the surrounding hills and mountains. It was the view from that point that Nat C. Goodwin declared to be more beautiful by far than anything he had ever before witnessed either in this country or abroad. The villa was built several years ago by J. E. Bothin, a San Francisco millionaire, as a residence, but just as it was completed he and his wife were divorced, and the building has ever since been occupied, but stands a tenacious monument to domestic discord. It is not learned who is behind the proposed new enterprise.

NEWS BRIEFS.
Josiah Price, an aged rancher who resides on Central avenue, three miles west of town, was assaulted by two drunken ruffians, while driving from his place to town. While one of the ruffians held his horse from behind, the other gentleman from his rig. At that point a third party appeared upon the scene and Price was released. Mr. Price believes the assault was made with the intention of robbery. He claims to have the names of the two assailants.

The City Trustees have adopted resolutions commending to the voters the Constitutional Amendment granting home rule in matter of taxation to cities and towns.

G. Anderson of Santa Ana has purchased fifteen acres of unimproved land from Mrs. M. J. Ross in the Fruitvale section, and will move to San Jacinto to reside. Lot 12 in the Sunset tract, containing 100 acres, has been purchased by G. C. McElroy.

The lumbering season is fast drawing to a close in the San Jacinto Mountains and every effort is now being put forth to freight as much lumber down the mountains as possible before the winter season begins. A number of large teams are busy hauling down the steep mountain grade and this work will continue until snow and sleet make the roads unsafe for heavy freighting. Nearly a million feet of native mountain lumber has been hauled to San Jacinto during the past season.

George Newell was severely injured this week when he fell from the deck of a hay wagon. His left wrist was broken and the right arm was badly sprained. He is now being treated at Coronado now. Best ever.

SMOKING AT P. E. DEPOT.
Alert Chamber of Commerce at Santa Ana Would Save Women from the Noxious Fumes.

SANTA ANA, Oct. 18.—The Santa Ana Chamber of Commerce has appointed P. H. Case and W. A. Zimmerman as a committee to go to Los Angeles to interview Pacific Electric officials with the hope that some measure will be adopted to stop smoking in the cars. The committee will meet near the gates in the P. E. depot in Los Angeles. This was done because of numerous complaints made by passengers that the smoke from the cars is so bad that it is almost unbearable. The committee will also attempt to get the railroad to install smoking cars in the morning, in company with the regular passenger cars.

The Chamber of Commerce has also appointed a committee to keep an eye on the location of a new insane asylum in Southern California, the one at Patton being crowded. The Santa Ana Chamber of Commerce wants to recover the land's remains. The other two bodies were found several days ago. This is the first time in the history of the valley that such old mountains have been seen a diving suit. Dr. E. Scott Blair states that the remains were recovered with a diving suit in a state of good preservation during the winter, owing to the icy temperature of the lake waters.

According to figures just compiled by the County Clerk, \$274 voters will be entitled to cast their ballots at the November election in this city. The totals for the neighboring towns are, Redlands, 11,977; Ontario, 20,997; Upland, 2,867; Colton, 1,567; Chino, 1,839. In each instance the figures show a decided gain over the registration for the primaries.

Los Angeles Daily Times. NO SNAKES ON SAN CLEMENTE.

Scientist Makes Thorough Search of Island and Discovers No Reptiles. Officers Seek Smugglers.

AVALON, Oct. 18.—After hunting reptiles on the Channel Islands for the past three months, Prof. R. Slevin of the Academy of Science of San Francisco, finished a four-day hunt on San Clemente Island and added nine varieties of lizards to his collection. No snakes were found on San Clemente Island. For his cruise around the islands Prof. Slevin chartered the schooner Flyer of Long Beach, with Capt. A. M. Shook. Each specimen has been preserved and will be sent to San Francisco.

"It is the desire of my department," said Prof. Slevin, "if possible, to connect the Channel Islands by their reptiles and other scientific facts. I have found exactly the same species of lizards on San Clemente, Santa Barbara, Santa Catalina and San Clemente Islands. Two of these islands, however, have no snakes. The formation of the islands is very different from that of the mainland. There is every possibility that at one time the islands were connected in a manner entirely different from what they are today. Plant life varies more than the animal and reptile life. The islands are being studied by several departments will probably establish a new theory relative to the islands when all data has been filed.

For several years Prof. Slevin has spent his time hunting reptiles. He carries with him a short rifle which he uses to shoot the lizards. He has a pair of traps and a small cage. When trying to secure a reptile he shoots it, then grabs it with the tongs. From March to April of this year he collected glass monsters in Arizona.

LOOKING FOR SMUGGLERS.
With their ships anchored in Smugglers' Harbor, San Clemente Island, the officers and men of the torpedo-destroyers Whipple, Stewart and Hull are scouring the waters thoroughly for smugglers. The search is being reported to be successful. Despite the large number of searchers, no trace of the lawbreakers could be found.

Almost as soon as the tenders strike the harbor, the officers and men of the United States destroyer Whipple, sprang from the boat and searched the island. A number of men have been left at various points on the island to watch for any strange craft. It is claimed that the custom officers that a large amount of opium found in Southern California has been brought in first to San Clemente, then carried into mainland ports by small launches. It is also believed that many Chinamen have been brought through their hands have been changed from Mexican boats to boats plying in northern waters.

INSPECTOR DROPS IN.
Soldiers' Home Officials Surprised but Not Alarmed by Sudden Advent of Maj. Gordon.

SOLDIERS' HOME, Oct. 18.—Major Walter H. Gordon, inspector-general of the United States Army, arrived here today from Washington on the annual tour of inspection, in behalf of the War Department, of the various national homes and posts. He is accompanied by Lieut. J. H. Starn, a special agent in charge of the War Department. As there had been no previous intimation of the major's presence, the camp was taken by surprise. The officers and men were alerted to headquarters, over the phone, his arrival at the home. This branch is, however, always in condition and ready for inspection.

GOVERNOR IMPROVES.
Col. E. J. Cochran, governor of the home, whose absence has been confined to his home for the past fortnight, is steadily improving in health, and chafing to get in harness again. The governor is real good in the meantime, he will be permitted to appear at his desk early in the coming week.

NEW OFFICIAL.
Capt. Elden C. Harvey, the young officer transferred from the Battle Mountain Barracks, South Dakota, arrived early in the week and took formal possession yesterday of the office of commissary of subsistence, and superintendent of the post farm at this branch.

RECENT DEATHS.
William H. Reynolds, formerly of Co. B, Thirtieth Indiana Infantry, a native of Indiana, admitted from Huntington Park, Cal., in 1909, died October 16, aged 72.

RECEPTION AND BANQUET.
Aussa Chamber of Commerce Demonstrates Its Gratitude to County Officials for Road Work Done.

AZUSA, Oct. 18.—A reception and banquet was tendered to the members of the Board of Supervisors, by the Chamber of Commerce last evening in appreciation of the good work done on the San Gabriel Canyon road, by the county chain gang which has been on this work for the past sixteen months.

NEWS BRIEFS.
City Engineer Gerlich reports grades established on Soldado and Alameda avenues, for laying sidewalks on these thoroughfares.

REHEARSAL MEET.
REDLANDS, Oct. 18.—The district meeting of the Rebekah Lodge was in session in Redlands today with good-sized representations present from the Riverside, San Bernardino, Colton, Beaumont, Banning, San Jacinto, Corona and Hemet lodges. The meeting was held in Oddfellows Hall and concluded with a banquet this evening for which covers were laid for 250 persons. Preceding the banquet a large class was initiated. Mrs. Jane Egan, president of the Rebekah Assembly, and Mrs. Mary Donohue, district secretary, were guests of honor.

BEWARE OF IMITATIONS AND CHEAP SUBSTITUTES BAKER'S Breakfast Cocoa

BAKER'S Breakfast Cocoa
IS THE STANDARD FOR QUALITY
For all those whose occupations require clear heads and steady nerves, as well as those in poor health or of delicate digestive powers, it is the ideal beverage. Prepared with milk or cream and sweetened to the taste, it is delicious, wholesome, absolutely pure, and of high food value.

FOOD FROM THE AIR.
Scientists Expect to Do for Man What the Forces of Nature Do for the Plant World.
[Chicago Inter-Ocean:] Artificial food, made from the air, will be the next great feat of chemistry.
Dr. Paul Walden of Riga, Russia, president-elect of the Ninth International Congress of Applied Chemistry, to be held in St. Petersburg in 1913, made this prediction just before his departure from Chicago with 150 world-famed chemists who are touring the United States.
No longer will the price of eggs be dependent on the vagaries of the weather, if Dr. Walden's prophecy is realized.
"Not only eggs, but a variety of nitrogenous foods will be made from the air some day," declared Dr. Walden who was asked to hazard a prediction as to the most remarkable discovery in chemistry that will be related to the international congress, over which he will preside in 1913.
"Notwithstanding the remarkable advance made in synthetic chemistry in the last few years the science has many surprises still in store. I consider it practically certain that some day we shall be drawing food supplies from the air. Why not? Professor Walden of Germany has already succeeded in making the simple hydrogen, oxygen and nitrogen, the elements of the air, combine to form the form of artificial ammonia, the nitrogen for the purpose being separated from the air. We can make simple compounds in imitation of nature we shall soon learn how to make more complex compounds. The great Russian chemist has admitted that his prediction, if realized, will revolutionize the world's idea of food supply, solve the problem of the high cost of living and provide an ever ready source of competition for the 'best' trust."
"Modern chemistry is simply teaching us to do for ourselves what nature has always done for us," continued Dr. Walden. "Nitrogen is one of the great nourishing elements of such foods as meats and eggs. It occurs in limitless quantities in the air. Seventy-nine per cent. of the volume of the atmosphere is nitrogen, the rest being oxygen and other gases.
"An egg is a complex compound of nitrogen, oxygen, sulphur and hydrogen. The chemical process of the hen will be imitated in the laboratory. The great fields for the further development of science are the chemistry of the air and chemistry of electricity. Undreamed of benefits to mankind will come with the discovery to be made in these fields. Electricity is becoming more and more an aid to synthetic chemistry."
"I speak of Professor Walden's success in making synthetic ammonia in a practical way, for it was only a short time ago that we depended for our supply of ammonia on the various ammonium compounds existing in nature. Formerly we were able to do very little with this uncombined nitrogen in the atmosphere. Now that we have learned to harness it and put it to use the possibilities are wonderful."
"There is a lot of carbon dioxide in the air which I believe we shall some day be able to use in making synthetic foods just as the plants now use it by absorption."

WATER SUPPLY.
for irrigation purposes it is proposed to generate the electric power by an auxiliary steam plant. The stockholders of the water company have until October 20 to subscribe to the stock in the light and power plant. The directors of the water company are E. G. Logan, W. W. Prior, C. E. Palmer, G.
